

***Island Falls Canoe  
Ordering and Shipping Information***

***Canoes are built to special order and the backlog is often more than a year. A \$500 deposit reserves a spot on the schedule, with another \$1000 due when the canoe is started. The remainder is due when the canoe is completed.***

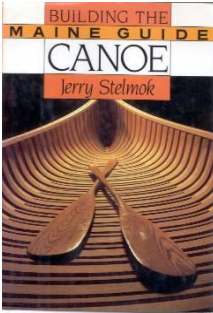

***Owners frequently enjoy picking up their canoes, and this scenic region of Central Maine offers many possibilities for the first Launching. If the distance is too great or it is otherwise inconvenient to pick up, shipping can usually be arranged at a reasonable rate to any spot in North America. There is a \$150 packaging charge for preparing the canoe for transport. The actual freight bill is assessed after the canoe's safe arrival.***

## The art of the Canoe with Joe Seliga

By Jerry Stelmok (OUT OF STOCK)

*Perched on the edge of Minnesota’s alluring Boundary Canoe Area Wilderness, Ely, Minnesota was a rough and tumble iron mining center before it became a mecca for wilderness canoeists. It has been the home of three generations of Seliga’s, and Joe Seliga’s lifelong residence. Joe, then 91 years old was a retired iron ore minor and a Self-taught canoe builder of some 65 years who still practiced his craft with grace and style. His canoes were designed for the region’s rugged canoe country, and their popularity has spread throughout the continent.*
